

**Activity Name:** “And they all lived happily ever after”

**SDG focus:** SDG 2

### Aims

- To communicate using English as a tool of expression.
- To practise writing in English using fictional narrative.
- To develop imagination.
- To raise awareness on SDG 2.

### Language focus

- To know the structure of the fictional narrative.
- To be able to order meals through the telephone.
- To use strategies to communicate with a restaurant.

### Creative focus

- Developing imagination.

Level: A2

Age: 12-13

Time: 45 minutes

### Preparation

- Prepare the material: paper, pen, menu, bottle, telephone toy.

### Procedure

- Activity 1 (warm-up): (8'): ‘Message in a bottle. Students have to write a message with information about themselves, which will introduce into a bottle that will be thrown into the sea. Two statements should be true and one false. Then, students will discuss in pairs which statement they think the lie is. Finally, the teacher will ask each pair which statement they think is untrue and they will have to explain why. In this way, students will work on a communicative

approach so they will start using the L2 to express themselves and to communicate with their partners.

- Activity 2 (body): (30'): ‘Feeling like Cervantes’. Students will be asked to create an alternative ending to the story using a fictional narrative, which they have already seen in class. In this way, students will work on a literacy-based approach, which will enable them to establish contact with the L2 in an accessible manner. Moreover, they will develop their creativity at the same time their writing skills in L2 will improve. This activity will be carried out in groups of 5 members.
- Activity 3 (cool-down): (7'): ‘Take-away food’. Students will be provided with a menu of a Peruvian restaurant and they will have to imagine that they are calling on the restaurant phone to order the dinner. The activity could be carried out in groups of 5 members. In this way, students will work on a natural approach and on a communicative approach at the same time since they will get involved in meaningful communication where it is created a natural situation of communication. Moreover, objects and realia are used.

### Follow-up

- If it has not been done in a previous activity, write down some keywords about the relationship between this tale and SDG 2.
- Peer-correction. Students will swap their texts to correct the texts of their peers. Once they have done that, texts will be returned to their original writers who will read them aloud.
